## OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 3 May 1972

25X1 1. (Secret - JGO) Met with Representative William L. Dickinson (R., Ala.) in response to his earlier request and gave him a copy of the Director's anecdote about the Russian peasant, the frozen bird, and the wolf. Representative Dickinson said that the Director told an anecdote in the February briefing about a meeting between Mr. Kuznetsov, of the Soviet foreign office, and Mr. [ ] at the end of the Cuban missile crises in 1962 and said he would appreciate a copy of Mr. Kuznetsov's statement. On a separate matter, he told me he is a delegate to the Geneva Disarmament Conference and will be travelling to Geneva later this year. He told me he had attended the meetings on biological agents and was looking forward to this session on chemical agents. In this regard he asked if we could brief him on why the Soviets have been most adamant in their position on ABMs noting that they have their ring around Moscow while we are only talking about two units. I told him I would relay his request and be back in touch with him.

2. (Confidential - JGO) Met with Mr. Ralph Preston, House Appropriations Committee staff, who told me he is still rearranging the Committee schedule to allow his visit to the Agency on Friday morning, 5 May. In response to his earlier request, I briefed him on some of the details of the meeting he had missed with Bill Woodruff, Senate Appropriations Committee staff, on 5 April 1972.

25X1 4. (Internal Use Only - JGO) Talked to Lt. Saunders, House Armed Services Committee Security Officer, and arranged for access to the Committee hearing room for sweep of the room and for use of the large back-view screen and viewgraph projector during the briefing.

5. (Unclassified - JMM) Called Jim Woolsey and later Ed Braswell, Senate Armed Services Committee staff, about the Director's possible appearance this afternoon before Chairman Stennis and other members of the Committee to discuss Vietnam. As it developed, the Chairman was tied up on the floor throughout most of the day and the briefing never came off.

6. (Confidential - JMM) Discussed with Frank Slatinshek, House Armed Services Committee staff, the briefing tomorrow of the full Committee on the Vietnam situation. I said we weren't sure who would give the briefing and asked if there were any particular questions we should be prepared for. Slatinshek said that in view of recent press play about the Agency relations with AID in Laos, we might get questions on this.

7. (Secret - GLC) At his request I met with George Murphy, Joint Committee on Atomic Energy staff, who told me there was some rumbling about the possibility of asking the Director to meet with the Joint Committee within the next couple of weeks to bring them up-to-date on Soviet activities in submarine and missile fields. He said this interest has been generated as a result of Senator Proxmire's opposition to the ULMS and a desire on the part of some Committee members to find out what the Soviets have been doing in recent months. Murphy merely wished to alert us at this point. He said thus far Representative Price has agreed to ask us for a briefing but it has not been taken up with Chairman Pastore.

10. (Unclassified - GLC) Left with the office of Representative John Jarman (D., Okla.) a copy of the China Atlas which they had requested.

25X1 11. (Unclassified - GLC) Talked with Diana Meyer, on the staff of Representative James A. Burke (D., Mass.), about a letter they had received from [redacted] Massachusetts, alleging that CIA and others had been spying on him. Miss Meyer said their office follows the policy of answering every letter they receive and had been corresponding with [redacted] over a period of two years. She recognizes that he is emotionally disturbed, but said she would appreciate a letter from us. I told her we would be happy to give her a letter saying we were not responsible for the acts specified in the letter and had no interest in his activities. 25X1
